1950 - 2015 NORTH THOMPSON FALL FAIR AND RODEO

THEN AND NOW - LOOK HOW FAR WE'VE COME!

THEN: Back in 1950, what had been a dream for local farm and ranch families became a reality. The Native Sons of Canada lent their Louis Creek grounds and hall for the first fall fair which was held on Labour Day. The fall fair entry catalogue had just 12 pages, and promised: "To make your Labour Day a real holiday, a full round of entertainment during the day and evening is assured". An estimated 500 people attended that first fair. Len Johnson, the first fair manager, made the following statement 66 years ago, "For a fair to be a success, it must first be centered in a farming district, and secondly, it must have the support of the people of the community."

Len's words have rung true. Fueled by outstanding volunteerism since its inception, the North Thompson Fall Fair and Rodeo (NTFFR) has steadily evolved and expanded. The location has changed, and so have many of the faces, although many remain, and familiar family names continue to support the NTFFR. After 65 years the focus is the same as it was back in 1950: "A celebration of agriculture, livestock, western country living and community spirit".

TODAY the North Thompson Fall Fair and Rodeo is in its 66th year, and is one of the leading regional events within the Thompson Nicola Regional District.

The mission statement of the organization is: To encourage, develop and promote the advancement of agriculture and farm living in the North Thompson Valley, with special reference to the fostering of livestock, crops, orchard crops, poultry husbandries, industrial, commercial, educational, mechanical and household arts, and rural and urban young peoples organizations, 4-H competitions, livestock competitions, fine arts, sewing and baking, gardening, bee keeping, and volunteerism at its finest.

The NTFFRA functions with a volunteer Board of Directors along with an additional 75-100 dedicated community volunteers. Facility enhancements and upgrades are in almost all instances completed by volunteers. Major upgrades such as electrical, welding, carpentry, etc., are often provided by local contractors at cost, and with much done as in-kind dona-

tions. The annual budget for the Fall Fair and Rodeo is in excess of \$250,000, and to this date the NTFFRA remains debt free.

Over the past five years 10,000 - 11,000 visitors have converged on the small community of Barriere during the week of the Fall Fair and Rodeo, bringing with them an estimated economic impact of \$525,000. Eighty-five percent of the visitors are from the Kamloops and Lower Mainland areas. More than 85 percent of the expenditures are purchased

from local businesses.

Notably, in March of 2011 the NTFFRA embraced a vision of constructing the North Thompson Agriplex; a multi-use agricultural facility to serve the region and beyond. In less than six months, thanks to volunteers, businesses, contractors, supporters and sponsors the building was erected and able to host the 62nd Fall Fair and Rodeo. Most importantly, the community and regional buy-in to the project was phenomenal. Thanks to cash donations, fundraisers and tremendous in-kind donations by hundreds of businesses and contractors the North Thompson Agriplex is now a major economic driver for our region.

The fall fair facility holds on average over 100 events annually; serving local, regional, and provincial needs. The public demonstrates a willingness to participate in activities at the facility, not just seasonally, but throughout the year; and with the addition of the North Thompson Agriplex the number of events has already started to rise significantly.

The NTFFRA recognizes, that with continued positive growth and expansion within the facility, that the direct economic growth to the community of Barriere and the surrounding area remains immediate and significant.

The dream that was started 66 years ago lives on today, because of unending community spirit and the hard-working dedicated volunteers who continue to make it all happen.

The legacy lives on! The dream has become a reality because a group of volunteers and participants work together to keep it so.

RULES FOR EXHIBITORS

PLEASE READ CAREFULLY

Have questions? We're here to help...NEW...Registration Team Email: ntfair2015@gmail.com

The North Thompson Fall Fair is not in business for profit. The sole purpose of the Association is to encourage the betterment of livestock, field and garden crops, arts, crafts and hobbies, etc. The Committees do all the work freely and without personal gain. They will therefore appreciate your assistance in making the Fair better known and better attended.

PLEASE NOTE: Rules and Registration information for the LIGHT HORSE SECTION (SECTION 23) DOES NOT form a part of these EXHIBITOR RULES. Closing dates are for information only. For more information, please contact Darcey Woods at: 250-318-9975.

1. Membership to the Association is ten (\$10) dollars per year. This entitles the member to voting rights at all meetings and the ability to waive the Exhibitor Fee when entering exhibits into the Fair. You are urged to join and support this organization.
 2. Entry fees for exhibits are at the top of each section. All entry fees are used as prize money.
 3. Exhibitor Fees:

• Adult/Student	\$8.00 or a current NTFFRA Membership
• 10 and Under	Free
• 4-H Members	4-H Classes Only - Free

WHAT JUDGES LOOK FOR IN A PRIZE WINNING QUILT

- Overall appearance: both front and back - Judges look at both sides
- Effective use of colour: is there visual appeal? Is there original use of colour and design?
- Appropriate use of prints: have a mix of large, medium, small prints, be careful not to overpower some prints with others.
- Bindings: nice, even stitches should be dispersed across the quilt. Make sure there is sufficient quilting over the entire surface of the quilt, and that it is balanced. Don't leave large unfilled areas.
- Machine Quilting: don't overdo it. Too much detailed machine quilting obscures the pieced design and can cause quilts to "belly" or "waffle". Bury the ends of the threads in the quilt.
- Cleanliness: no smudges, no pencil lines, no dog or cat hair, and ideally unwashed & unused.
- Construction: how well is it put together, are seams straight, do points come together? No floating seams, no pitches in seams, and all pieced blocks should lie flat, make sure corners are 90 degrees, etc.

GENERAL RULES:

The North Thompson Fall Fair Light Horse

Laughing Stock!

Why does the milking stool have 3 legs?

Because the cow has the udder!

Why don't cows have any money?

Because farmers milk them dry

What do you call a cow with a crown?

Dairy Queen

What new crop did the farmer plant?

Beets me!

Why shouldn't you tell a secret on a farm?

Because the potatoes have eyes and the corn has ears

What day do potatoes hate the most?

Fry-day!

Laughing Stock!

The Horse Seller

The seller said, There's something you should know about the horse. He stops running when you say, 'Amen,' and he starts running when you say, 'Praise the Lord. No problem," the other man said, "I'll take it."

The man began to ride away on the horse. He decided to test the horse. "Amen," he said, and the horse stopped on the road just as the other man had said. "Praise the Lord!" The horse took off running like mad. The rider held on as tight as he could. As

he noticed they were racing towards a cliff, he began screaming, "Stop!!! Stop, you stupid horse!! Whoah!!!" Nothing worked. So he began praying, "Dear God, PLEASE let the horse stop! PLEASE!!! AMEN!"

The horse stopped right at the edge of the cliff. With great enthusiasm and joy the man screamed, "PRAISE THE LORD!!!"

RACING CLASSES

STOCK: No Modifications (BLADES MUST BE REMOVED)

MODIFIED #1: Up to 17HP

MODIFIED #2: Up to 22HP

OUTLAW: Any motor up to 750cc Open Drive Train

ALL SAFETY RULES WILL BE STRICTLY ENFORCED FOR EVERYONE'S SAFETY.

PERSONAL SAFETY GEAR/EQUIPMENT

HELMETS: DOT approved helmets are required. Goggles are strongly recommended.

NECK BRACE: Neck braces designed for racing are encouraged

CLOTHING: Long pants and long sleeved shirts are **required**. **Gloves are highly recommended.**

BODY ARMOR/ADDITIONAL PADDING: It is strongly recommended that all drivers wear body safety apparel such as motocross gear. (Chest protectors, knee and elbow pads, etc.)

FOOTWEAR: Heavy shoes that cover the ankles must be worn. Motorcycle racing boots are highly recommended.

RULES FOR STOCK

- No mechanical modifications
- Mower deck may be removed. If mower deck is attached the blades must be removed.
- Cosmetic modifications are encouraged!

RULES FOR MODIFIED

ENGINE: Will be those designed for riding lawn mowers.

INTERNAL MODIFICATIONS ALLOWED: The only internal modifications allowed will be replacing valve spring retainers on overhead engines. Engines may be rebuilt but must not exceed manufacturers' stock specifications with stock replacement parts. No performance enhancing parts may be used. Stock timing only.

EXTERNAL MODIFICATIONS ALLOWED: External modifications are limited to removing muffler and replacing with a header. Disconnecting the governor. Replacing or modifying the air cleaner. Crankcase ventilation system may also be modified. Carburetor jets on gravity systems may be repositioned to solve stalling but must not exceed stock jet size.

STARTERS: Electric or pull start only. No push starting, or external starting units. All electric start must have a mounted and protected operating battery on board capable of starting the engine.

THROTTLES: Any type of throttle may be used. Must have a operating return spring.

SAFETY KILL SWITCH: Must have breakaway type kill switch which will turn off the ignition if the driver leaves the mower.

TRANSMISSION/TRANS-AXEL/DRIVE-LINE:

Transmission must be from a lawnmower. Drive train must utilize a shift-able transmission or trans-axle or aftermarket 1 1/4" max diameter live-axle and 90 degree gearbox. Trans or live axle must be mounted back on chassis in original OEM position, spacer brackets can be removed from transaxle. Solid axle recommended. Differential may be locked and may be strengthened or remade from heavier steel. Drive-line pulleys, sprockets and clutch systems can be modified.

SPINDLES: "L" type spindles only. NO go kart spindles. Heavy duty cotter pins or lock collars are recommended to prevent movement.

STEERING/FRONT AXEL: Steering arms and tie rods may be upgraded and strengthened. Ball or spherical joint tie rod ends recommended. Strengthened tie rods must be a minimum 3/8" all thread rod, with 1/2" square or round stock cover, or equivalent. Steering wheel or handlebars may be used. Custom front fabricated axel is allowed. It is recommended that the front axle be bolted or welded rigid, eliminating the stock pivot point.

TIRES/WHEELS: Turf type tires only. No snow hogs, stryker, tiller tires, ATV or lug treads. Steel wheels are required and strengthening the wheel is highly recommended. Front wheel bearings are also recommended. Heavy duty cotter pins or lock collars are highly recommended on front and rear wheels.

CLUTCH: Will be a fully functional lawnmower type clutch. Centrifugal clutches on engine shaft only in conjunction with lawnmower converters may be used, such as on Snowmobiles or ATVs.

BELTS/CHAINS: All must be guarded.

FRAME/SUSPENSION: Must have a lawnmower frame but may be reinforced for structural strength. Frame must retain original manufacturers' specifications (No Chopping). No custom frames. No aluminum frames or front ends. No suspension. Ground clearance minimum of 5" to lowest part of frame or front axle. Excludes foot pegs, mower decks, and nerf bars. Overall width front and rear not to exceed 36".

BODY: Must retain resemblance of a lawn tractor. Customizing is encouraged!

SEAT: Any style may be used and must be securely fastened.

BRAKES: Brakes are mandatory! Must be in good

condition, easily operated, and operating on at least two wheels. Upgrading and improving in any way is recommended.

GAS TANK & FUEL: Gas tanks must be securely attached and protected. Pump gas only. No octane boosting fuel additives may be used. Stock fuel systems only. No auxiliary fuel systems (nitrous oxide, etc.) In-line fuel shut off valve is required. Electric fuel pumps are allowed and must have a safety kill switch system approved by track officials.

RUNNING BOARDS: Mower deck type side safety bars (ATV style nerf bars) or running boards required. Foot pegs are not allowed. Running boards may not exceed a line between the outside edges of the front and rear tires. Running boards must extend close enough to the rear wheel to prevent rear wheel from driving over foot in the event of a roll over.

BUMPERS: Not mandatory but highly recommended. If installed must be at a height of 2" above center line of axles (max.) and not to protrude more than 2" beyond the furthest point of the body. Bumpers must not exceed tire width.

MOWER DECKS/BLADES: Mower decks are optional. Blades must be removed.

HEADLIGHTS: All glass must be taped or removed.

RULES FOR OUTLAW

Outlaw machines are subject to all of the modified rules, excluding the Engine, Transmission/Trans-Axel/Drive-Line, and Clutch sections.

GENERAL INFORMATION

ALL DRIVERS MUST ARRIVE 30 MINUTES PRIOR TO RACE TIME.

CODE OF CONDUCT:

1. Have Fun!
2. No Drug or Alcohol consumption by racers or pit crew will be tolerated prior to, or during any race event. Violation will be cause for immediate disqualification.
3. Any unsafe action is cause for immediate disqualification
4. Intentional ramming will be a disqualification.
5. Any un-sportsmanlike conduct by driver or pit crew will be a disqualification.
6. Failure to comply to the modification rules may result in disqualification or movement to a different class.
7. It is the responsibility of each driver to know the flag rules.

AGE/LIABILITY WAIVER/INSPECTIONS: You must present your valid driver's license when you sign

your liability waiver prior to racing. Every tractor must be checked out by the track officials for conformance to the rules prior to racing. All tractors shall be subject to periodic spot checks for safety and conformance.

RACE RULES

FLAGGERS: The head flagger controls the race. They are responsible for the starting and control. Safety crews and corner workers will assist the head flagger by keeping him informed of any problems on the track.

FLAGS: The following flags will be used. Flag positioning will have different meanings i.e. Open Flag and Rolled Flag.

1. GREEN FLAG – Signals the start of the race, or restart of racing after a caution or stop flag.
2. YELLOW – NO PASSING UNDER YELLOW. If the Yellow Flag is rolled and waived it is a warning of a minor problem ahead. Slow for that problem then resume your speed. If the Yellow Flag is open and waived SLOW Immediately. This allows the riders involved to catch up to the pack for the restart. Racers must close up on the leader in a single line formation for the restart. Yellow Flag laps do not count towards the total race lap count.
3. RED – STOP!! All racers must stop immediately and wait for direction from the flaggers.
4. BLACK – A rolled Black Flag is a warning to the driver for a violation. Pay attention! If the driver receives the Black Flag open it signals disqualification and the driver must leave the track immediately.
5. WHITE – Signals the start of the last lap.
6. CHECKERED – Signals the end of the race. Also indicates the winner.

RACE: The number of heats, laps and racers per heat will be determined on race day.

STARTS/RESTARTS: Rolling starts, racers will line up two abreast. Racers will proceed around the track until the starter determines the lineup to be in order and close enough for a good start. Any driver jumping the start must restart at the rear. A second jump start is grounds for disqualification.

PASSING: Responsibility for a safe pass rests with the overtaking driver. Racers being lapped must stay on the outside line of track.

STALLS/OFF-TRACK: If a driver stalls on the track, his first responsibility is to move the mower to safe position. You may then restart and re-join the track at the first available SAFE spot. You MUST yield to oncoming traffic, and you may not advance your position.
