1950 to 2019 - NORTH THOMPSON FALL FAIR AND RODEO

The history of what has become the annual North Thompson Fall Fair and Rodeo began on Labour Day 70 years ago in Louis Creek, B.C. In later years it moved to what we know today as our 27 acre fall fairgrounds in Barriere, B.C. Over the years, the Fair has expanded and progressed until it now welcomes some 15,000 visitors annually.

In 2011, planning began to build the North Thompson Agriplex facility on the Fall Fair grounds and it opened its doors in 2012. The Agriplex was built through the efforts and financial support of community members, volunteers, corporate sponsors and government grants. Our Agriplex and fair grounds attract numerous local, regional, provincial and national agricultural events throughout the year. These events contribute to the enjoyment of all attendees and to the direct economy of our community

and Region. During the extensive B.C. wildfires of 2017, our fair grounds and Agriplex became the temporary home for up to 578 evacuated animals and some of their humans for over 70 days.

Since the beginning of the Fair's existence, volunteers and friends of the Fair have formed a solid base on which the Fair is able to operate. All give generously of their time and skills, and truly breathe life into the activities and purposes of the Fair. We are extremely proud of the North Thompson Fall Fair and Rodeo, its dedicated volunteers, generous sponsors, all of our wonderful exhibitors and competitors, and YOU the fairgoers who continue to attend and support us.

QUILTS:**WHAT JUDGES LOOK FOR IN A PRIZE WINNING QUILT**

- Overall appearance: both front and back - Judges look at both sides.
- Effective use of colour: is there visual appeal? Is there original use of colour and design?
- Appropriate use of prints: have a mix of large, medium, small prints, be careful not to overpower some prints with others.
- Bindings: nice, even stitches should be dispersed across the quilt. Make sure there is sufficient quilting over the entire surface of the quilt, and that it is balanced. Don't leave large unfilled areas.
- Machine Quilting: don't overdo it. Too much detailed machine quilting obscures the pieced design and can cause quilts to "belly" or "waffle". Bury the ends of the threads in the quilt.
- Cleanliness: no smudges, no pencil lines, no dog or cat hair, and ideally unwashed & unused.
- Construction: how well is it put together, are seams

GENERAL INFORMATION:

CODE OF CONDUCT

1. Have Fun!
2. No Drug or Alcohol consumption by racers or pit crew will be tolerated prior to, or during any race event. Violation will be cause for immediate disqualification.
3. Any unsafe action is cause for immediate disqualification
4. Intentional ramming will be a disqualification.
5. Any un-sportsmanlike conduct by driver or pit crew will be a disqualification.

Every tractor must be checked out by the track officials for conformance to the rules prior to racing. All tractors shall be subject to periodic spot checks for safety and conformance.

RACE RULES

FLAGGERS: The head flagger controls the race. They are responsible for the starting and control. Safety crews and corner workers will assist the head flagger by keeping him informed of any problems on the track.

FLAGS: The following flags will be used. Flag positioning will have different meanings i.e. Open Flag and Rolled Flag.

1. GREEN FLAG – Signals the start of the race, or restart of racing after a caution or stop flag.

2. YELLOW – NO PASSING UNDER YELLOW. If the Yellow Flag is rolled and waived it is a warning of a minor problem ahead. Slow for that problem then resume your speed. If the Yellow Flag is open and waived SLOW Immediately. This allows the riders involved to catch up to the pack for the restart. Racers must close up on the leader in a single line formation for the restart. Yellow Flag laps do not count

towards the total race lap count.

3. RED – STOP!! All racers must stop immediately and wait for direction from the flaggers.

4. BLACK – A rolled Black Flag is a warning to the driver for a violation. Pay attention! If the driver receives the Black Flag open it signals disqualification and the driver must leave the track immediately.

5. WHITE – Signals the start of the last lap.

6. CHECKERED – Signals the end of the race. Also indicates the winner.

RACE: The number of heats, laps and racers per heat will be determined on race day.

STARTS/RESTARTS: Rolling starts, racers will line up two abreast. Racers will proceed around the track until the starter determines the lineup to be in order and close enough for a good start.
